

## Staging and Scoring PSGs in Australia and New Zealand

Wednesday 26 October 2011

Members ASA/ASTA \$250, Non Members \$300

This one-day course will provide an overview of the recently released **ASTA/ASA scoring guidelines** that are a commentary on the 2007 AASM Manual

Each section of the guidelines will be reviewed with particular emphasis on changes and controversial aspects of the manual

This will draw upon the literature some of which has been published since the release of the original manual in 2007

Those who record, score and report PSGs should attend to assist compliance of their laboratory with ASTA/ASA guidelines

Attendance at the course by Sleep Physicians would facilitate improved understanding of the impact of the new guidelines on PSG metrics

Prior to the course, all attendees will be sent PSG fragments for staging and scoring  
*These will be discussed in-depth, in the workshops*

### **Programme**

#### **Introduction and welcome**

*Teanau Roebuck*

#### **Background and development of the guidelines**

*Tom Churchward*

#### **Technical implications**

*Brett Duce*

#### **Scoring of sleep and associated events**

*Andrew Thornton*

#### **PSG Analysis Workshops**

***Sleep Staging & Arousal Scoring***

***Respiratory Event Scoring***
